

Po Lin

Apartment Address:
123 Roy Smith Street Apt #1301
San Antonio, TX 78215

po.grammer.lin@gmail.com
512-788-1789

Permanent Address:
2407 Arbor Drive
Round Rock, TX 78681

Education

Trinity University, San Antonio, Texas
Bachelor of Science in Computer Science
Minor in Mathematics
Major GPA: 3.45

December 2016

Technical Skills

Operating Systems: Windows 2000/XP/Vista/7/8/10, Linux, Mac OS X
Languages: C++, C, C#, Scala, Haskell, Matlab, PHP, HTML, CSS, Javascript, React, Redux, Java
Environments: Vim, Visual Studio 2015, Visual Studio Code, Atom, Eclipse, Unity, GitHub
Database: MySQL, MSSQL, IndexedDB
Applications: Nightwatch.js, Adobe Photoshop, Adobe Premier, ProE Engineering Software, npm, Yarn
Languages: Chinese (Mandarin & Taiwanese)

Relevant Coursework (Involved Programming Languages)

Principles of CS I/II (Scala)	Functional Languages (Haskell)	Graphics Design
Discrete Structures	Low-Level Computing (C)	Math Modeling (R/Matlab)
Theoretical Computer Science	Data Abstraction (C++)	Algorithms (C++)
Software Engineering (C#)	Info Assurance & Security	Computer Design (Scala)
Abstract Mathematics	Operating Systems (C)	Intro to Game Dev (C#)
Database Systems (PHP/HTML/MySQL/MSSQL/C#)		Thesis I/II (Scala)

Projects

Social Network Interaction Quantification and Relationship Trend Analysis with Multi-Agent Systems

December 2015-January 2017

- Researched interpersonal communication and current communication reward quantification strategies
- Developed Multi-Agent models to simulate social network interactions using Scala and 3-dimensional data structures
- Designed and implemented strategy through software development, and analyzed simulation results

Elementary School Library Database and Form Design Software Engineering Project

January-June 2016

- Engaged in team work and task delegation through agile development methods
- Implemented designed C# form interaction with MySQL and MSSQL database
- Performed basic security measures with encryption and decryption of database information

Medieval Battleship Multiplayer Game

August-December 2016

- Utilized Unity development software and C# to create game mechanics and functionality
- Engaged in the design of functional and aesthetically pleasing UI and interface
- Incorporated object pool design pattern to maximize memory efficiency

Work Experience

Front-End Developer Intern, Twist.io (San Antonio, TX)

May 2017-Present

- Developed automated HTML emails with inline CSS that scale dynamically with different viewing platforms
- Contributed in the development of a Google Extension with React-Redux and IndexedDB for local storage
- Prepared product state-action flowchart and performed end-to-end testing with Nightwatch.js
- Re-organized and debugged company website to maintain integrity and aesthetics across all viewing platforms

Student Fellow, Trinity University Undergraduate Research Fellowship (San Antonio, TX)

May-August 2016

- Conducted social network tolerance simulation research which involves the comprehension and organization of research material with a Trinity University faculty

Intern, Institute for Information Industry (Taipei, Taiwan)

May-August 2015

- Conducted semantic role labeling and natural language processing research
- Proofread and translated research journals prior to publication

Leasing Agent, Lone Star Locations (Austin/San Antonio, TX)

March 2014-May 2015

- Demonstrated Texas real estate salesperson practices
- Maintain good customer-company relationships.

Activities & Honors

- Research Journal Submission to Society for Modeling and Simulation (Submitted January 18th 2017)
- Trinity University Dean's List 15+ hours GPA 3.867 (Spring 2016)
- Association of Computer Machinery (Spring 2014)
